For advertising purposes, some scenes depicted in this catalog include professional riders and operators executing maneuvers under ideal and/or controlled conditions. Do not attempt any of these or any other risky maneuvers if they're beyond your level of riding ability, as well as your understanding and respect for the performance of your Sea-Doo watercraft. RIDE SMART FROM THE START. Always ride responsibly and safely. Follow all instructional and safety materials. BRP recommends a minimum operator age of 16 years for riding a watercraft. Always materials protective clothing for your type of boating use, including a Coast Guard approved life jacket. Always remember that riding and alcohol/drugs don't mix. Operate your watercraft keeping a safe distance between yourself and others. Always observe applicable local laws and regulations. Because of its ongoing commitment to product quality and innovation, Bombardier Recreational Products Inc. (BRP) reserves the right, at any time, to discontinue or change specifications, prices, designs, features, models or equipment without incurring any obligations. Some models depicted herein may include optional equipment. Prices are based on Manufacturer Suggested Retail Prices. Dealers may sell for a different price. Explorer Pro° 170

FEATURE HIGHLIGHTS

Touring Windshield

An industry-first that reduces fatigue and noise associated with prolonged wind pressure whilst also protecting against splashing and salt water exposure when riding offshore.

Extended Riding Comfort

With extended riding duration in mind, the new Explorer Touring seat and knee pads, adjustable riser handlebars and gunwale footrests provide ultimate extended riding comfort.

LinQ Explorer Bag

Keep extra gear dry and easily accessible with this 100L (26.4 gallon) bag. This exclusive LinQ compatible accessory is waterproof, functional and portable. It can be stacked on the LinQ plate/LinQ accessories or carried as a backpack.

Rotax® 1630 ACE™ - 170 Engine

The Rotax® 1630 ACE $^{\text{TM}}$ – 170 combines plenty of naturally aspirated power and economy, meaning the adventure can be exhilarating and prolonged.

ST3 Hull™

An innovative hull that sets the benchmark for rough water handling, stability, and offshore performance.

Rear Deck Extension with second LinQ attachment system

Adds 11.5 inches to the back of the watercraft to increase stability, space, and storage capability.

One-of-a kind fun.

Sizing Chart

HOW TO MEASURE

For best results, have someone else take measurements. Measure body in swimsuit or undergarments. Tape must be snug but not tight. If measurements fall between two sizes, order the larger size.

Measure under your arms, around the fullest part of your chest.

Waist

Measure around your waist at the narrowest place.

Stand with legs together, measure around the widest part of your hips, ensuring the tape is level.

Arm Length

Let your arms hang down at your sides in a slightly bent position. Measure from the center of the back of your neck, along the length of your arm, to the wrist.

Inseam

Without shoes, from crotch to the floor.

What code represents your size?

- 1 Find your size.
- 2 The corresponding code is THE CODE you use to complete the part number on your order. Example: 440227_90

Size: M = Code "06", therefore 4402270690
