features

01

LIQUID-COOLED BATTERY

Tested in all conditions for improved durability, Can-Am motorcycles' industry-leading liquid-cooled battery is capable of charging from 20% to 80% in 50 minutes on a Mode 3 charger. Make more happen today.

02

ACTIVE REGEN

Can-Am's new Active Regen technology gets you ahead of the pack with greater ride command and energy regeneration, providing added control and smooth deceleration while sending power back to the battery.

03

LINQ NANO

LinQ Nano is a next-gen toolless attachment system of integrated accessories. Its exclusive technology empowers your Can-Am with the lightning-quick adaptability to handle anything the day throws at it.

04

CONNECTED EXPERIENCE

Can-Am motorcycles feature a massive 10.25" touchscreen display, Apple CarPlay and the BRP GO! app. Take charge of your connected experience and ride your way.

All Can-Am motorcycles come with a five-year battery warranty, a two-year motorcycle warranty and the support of our global dealer network.

Can-Am Origin

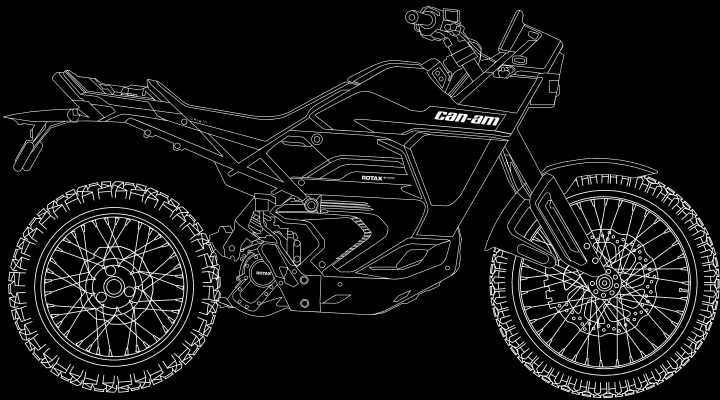

Licence

A1

11 kW

A2

35 kW

The Can-Am Origin was designed to take you everywhere. A trail motorcycle inspired by the original 1970s Can-Am TnT legend, this sleek, updated ride is chomping at the bit

to bring you through dirt, over asphalt and beyond. It will follow your gut, feed your soul and push you to live free. Amp up and discover your Origin today.

	0-100 km/h (model A2)	Colours	City Range	Combined Range (WMTC)	Weight	Charge 20% to 80% (Mode 3)
	4.3 sec		145 km	115 km	187 kg	50 min

Key accessories

MAKE IT YOURS!

Attach and detach accessories in seconds!
The exclusive LinQ Nano system allows you to change accessories almost instantly without tools, so you can easily add a windshield, saddlebags, top case, tank bag and more.

Customise
your own
Origin

01

TAKE WHAT YOU NEED ON EVERY RIDE!

Customise your Can-Am Origin motorcycle with stylish LinQ saddlebags and LinQ Top Case. Charging cables, LinQ Nano mounting points, extra clothes, water bottles, snacks... stay out longer by easily carrying your gear with you!

02

PROTECT YOUR MOTORCYCLE AND YOURSELF

The must-have LinQ Nano adjustable windshield for the Origin installs in seconds to keep out the wind, rain, insects and more, while the cool-looking Side Guards help protect your vehicle from falls, branches and other debris you may encounter on the trails and on the road.

03

STAND-OUT

Because weather may change, but your sense of adventure stays the same, stay safe and stand out with these additional LED foglights. With an independent switch so you may also stand out on the streets.

Can-Am Pulse

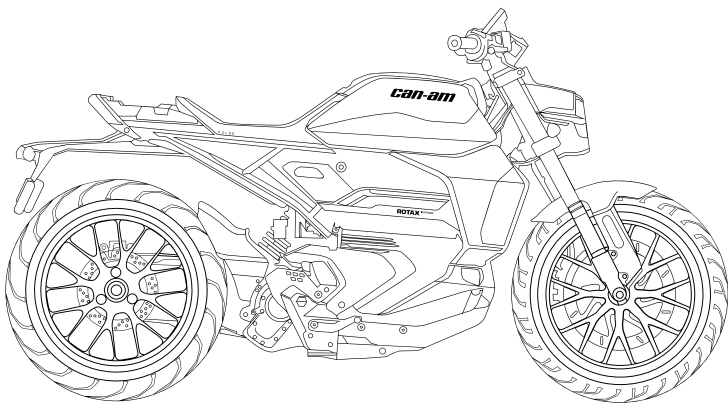

Licence

A1

A2

11 kW

35 kW

The Can-Am Pulse is your cheat code for the city. A nimble, naked motorcycle designed for smart commuters and urban explorers, it's the first time in decades you can experience a Can-Am on two

wheels. Take an innovative leap into the future of electric motorcycling on a light, stylish ride that will recharge your essential energy and boost what makes you go. Defy the grind and find your Pulse today.
